

Stanley College of Engineering and Technology for Women

(Approved by AICTE, Accredited by NBA, NAAC 'A', UGC Autonomous)

Abids, Hyderabad, Telangana – 500001

Institution's Innovation Council – IIC (IC201912063)

Name of the Activity:

Srujana- Innovation Expo

Objective of the Activity (Max of 100 Words):

The objective of Srujana – Innovation Expo at Stanfest2k23 by MBA department is to explore the Business Ideas from the upcoming entrepreneurs and to bring enthusiasm and awareness within students on current trending topics related to the specializations of Finance, HR, and Marketing.

Topics included are

- What's new? Tell us about the current trends in any one of the following topics:
Emerging Issues in Management, Contemporary Topics in Finance, Current Trends in HR, Recent trends in Marketing and Role of business administration in the current scenario.
- From this event the students can enhance their communication skills and team building skills.

Benefits of Activity (Max of 150 Words):

Srujana- Innovation Expo helps students to develop their research skills and learn how to gather and analyze information. It helps to improve their communication skills, including public speaking, presentation, and articulation. This activity even builds students confidence and self esteem. Through paper presentations, students can learn about new topics, trends, and research in their field which can help them stay up-to- date with the latest developments. Paper presentations can be a valuable addition to a student's resume, as it demonstrates their research skills, communication abilities, and expertise in their field.

Name of the Activity:

Management Antakshari

Objective of the Activity (Max of 100 Words):

The objective of Management Antakshari at Stanfest2k23 by MBA department is

- To enhance students knowledge of management concepts and terminologies.
- To promote team building and collaboration among students.
- To foster a competitive spirit and a sense of healthy competition among students.
- To provide a platform for students to showcase their creativity and talent.
- To inspire students to pursue careers in management and related fields.

Benefits of Activity (Max of 150 Words):

Management Antakshari is a fun and engaging activity that can make learning more enjoyable and memorable for students. It is a team based activity that promotes collaboration and team work among students. Even this helps students to enhance their knowledge of management concepts and terminologies, which can be helpful in their academic and professional career. The activity celebrates diversity and encourages mutual respect, creating a positive inclusive learning environment.

Management Antakshari can inspire students to pursue careers in management and related fields by exposing them to the exciting possibilities of these professional.

Name of the Activity:

Recycle Mania (Best out of Waste)

Objective of the Activity (Max of 100 Words):

The objective of Management Antakshari at Stanfest2k23 by MBA department is

- To promote creativity and innovation.
- To get maximum practical benefits from products
- To raise awareness about environmental issues.
- To encourage resourcefulness.
- To generate the minimum amount of waste

Benefits of Activity (Max of 150 Words):

Recycle Mania (Best out of Waste) is a fun and engaging way for students to learn about environmental sustainability and waste management. This activity can inspire students to take action in their own lives by adopting sustainable practices and promoting environmental awareness in their communities. It also helps students to understand their responsibility towards the environment and encourages them to take action to protect it.

The activity encourages students to make the most of the resources available to them and find creativity ways to repurpose waste material. Recycle Mania (Best out of Waste) activity encourages students to think creatively and come up with innovative ideas to reuse and recycle waste materials. The activity challenges students to find solutions to problems related to waste management and environmental sustainability.

Details of the event:

‘YOUNG MANAGER’ was an event organized by the MBA Department of Stanley College of Engineering and Technology for Women in the STANFEST 2K22 on 13th May, 2022. The event was headed by *Mrs. Dr. G. Nalini*, the faculty coordinator.

Young Manger is activities in which the students show, describes, or explain their ideas .The main objective of this event to recognize competitive excellence among young managers and to develop innovativeness, oratory skill, team work and competitiveness in young managers. A total of 32 students have participated in this event. This event consists of three rounds. First round is written test where questions related to Business related current affairs were asked in the form of multiple choice questions and fill in the blanks. On the merit basis students are selected for second round i.e group discussion. In the group discussion the topics related to Business currents affairs were asked. And based on the merit, from this round 3 students have selected for last round i.e final Interview. Prizes and Certificates were given to the participated, winner and runner students. The students from Aurora PG College, Methodist College and Vardhaman College of engineering and technology have participated in this event. These competitions provide a unique opportunity for young participants to test and demonstrate their knowledge, experience. It gives a platform to future managers to air their views.
