### Name of the Activity:

**Paper Presentation**

### Objective of the Activity (Max of 100 Words):

The objective of Paper Presentation at Stanfest2k23 by AI& DS department is to bring enthusiasm and awareness within students on current trending topics in Artificial Intelligence and Data Science.

Topics included are

- What's new? Tell us about the current trends in any one of the following topics:  
Data Science, Machine Learning, Artificial Intelligence, Deep Learning, Natural Language Processing, Inter of Things
- Where and how to apply analytical tools? Tell us industry applications of any of one of the following topics:  
AutoML, MLOps, Wearable IOT, GPT -3, GPT-4 and ChatGPT,
- What do you think is the future of Computer Science?
- Will AI take our jobs?

### Benefits of Activity (Max of 150 Words):

Paper Presentation brings forward research ideas of students in a written technical format. Presenting the idea encourages student to master technical communication and the feedback from judges lays a pathway for the student idea to become a publication. Paper presentation certificate helps in strengthening student resumes that will further help in securing a job or graduate assistantships during higher studies.

### PAPER PRESENTATION

A paper presentation is a technical event where students can share and contribute their research ideas and works through their research papers and articles on current state-of-the-art technologies.

#### PAPER PRESENTATION TOPICS:

- o Data Science
- o Machine Learning
- o Artificial Intelligence
- o Deep Learning
- o Natural Language Processing
- o Internet of Things
- o AutoML
- o MLOps
- o Wearable IOT
- o GPT -3, GPT-4 and ChatGPT
- o Forecasting & Time Series Techniques
- o Future of Computer Science?

#### GUIDELINES:

- Submission of abstracts by 20th April 2023  
@ [stanfest2k23\\_cme@stanley.edu.in](mailto:stanfest2k23_cme@stanley.edu.in)

### Name of the Activity:

Poster presentation

### Objective of the Activity (Max of 100 Words):

The poster presentation is a way to communicate your research or your understanding of a topic in a concise, creative and visually engaging format. A visual display of your work helps people engage and learn more about it.

### Benefits of Activity (Max of 150 Words):

Posters offer the opportunity to engage with the audience interested in the same subject and application as yourself. You might strike up a conversation with someone about your poster that may lead to future collaboration or even a job offer! One-on-one conversations about your poster enable you to talk about very specific aspects of your research that may not be possible in a presentation.

Overcoming stage fear and having exposure in technical topics of various domains such as

1. Latest trends in computer science
2. Evolution of wireless communication
3. Health Vs Money
4. Cultural Diversity
5. Big data in education
6. Cyber security and protection of personal information.

### Name of the Activity:

Be-Bianca

### Objective of the Activity (Max of 100 Words):

Be-Bianca is for students to showcase their talents (singing/karaoke/playing instruments/ beat boxing/ poetry/ mimicry/ raps/ stand-up comedy etc.,)

### Benefits of Activity (Max of 150 Words):

Be-Bianca provide an opportunity for emerging musicians to gain experience performing to a live audience without having to go through the process of getting normal music gigs, which is very difficult to do without experience or a demo recording. They provide an outlet for singer-songwriters.

A community platform for performance arts: a truly Be-Bianca including: music, comedy, poetry, spoken word.

Improving public speaking ability especially when one has the ability to consistently speak with clarity, fluency and authenticity.

We all requires public speaking skills, students will feel more comfortable if they embrace it and leverage it—not fear it.
