10	M. Sowmya	Assistant Professor , CSE Department	Member
11	Mrs. Sumera	Assistant Professor, CME Department	Member
12	Mrs. M. Kalpana	Assistant Professor, EEE Department	Member

At the outset, the Principal has welcomed all the members of Institutional Ethics Committee present in the meeting and initiated discussions on the agenda items.

**Agenda Item No.1:** To review the safety of research activities at the institute (Animals, Bioethics, and Chemicals etc.) .

**Minutes:** The committee reviewed the research activities taken up by all the departments and about their safety standards. The committee has found that the research activities are not involving the animals, hazardous chemicals and also not harmful to the environment.

**Agenda Item No.2:** To review the research activity with norms and ethics (Animals, Bioethics, Chemicals etc.)

**Minutes:** The committee opined that the researchers are responsible for ensuring that there is transparency about research findings and facilitating the sharing of data and material from experiments on animals. Such transparency and sharing are important in order to avoid unnecessary repetition of experiments. Transparency is also important in order to ensure that the staff and students are informed and is part of researchers' responsibility for dissemination.

The committee has stated that there are national laws and rules and international conventions and agreements regarding the use of laboratory animals and both researchers and research managers must comply with these. Any person who plans to use animals in experiments must familiarise themselves with the current rules.

**Agenda Item No.3:** Any other item with the permission of the chair

**Minutes:** The committee has suggested motivating all the staff and students to follow the ethics by all means.

At the outset the Chairman has welcomed all the members of RAC present in the meeting and initiated discussions on the agenda items.

Agenda Item No.1: Introductions and welcome to the first meeting of the Institute's Research Advisory Committee (RAC). Discussion on the role and responsibilities of the RAC.

Minute : The Chairman initiated the meeting with introductions and welcomed all the members of RAC to the inaugural meeting of the RAC. The role and responsibilities of the RAC were discussed, focusing on it's key function of promoting and overseeing research activities within the institute.

Agenda Item No.2: Ensuring high-quality research supervision and facilitation within the Institute

Minutes: The committee emphasized the importance of maintaining high-quality research standards, fostering a research-oriented culture and encouraging faculty and student researchers to excel in their respective fields.

Agenda Item No.3: Providing guidelines for UG/PG projects to maintain research quality and select relevant application projects.

Minutes: The research coordinator presented draft guidelines for UG/PG projects, which will serve as a framework to ensure the quality and relevance of research topics undertaken by students. The committee discussed the process of project selection, mentor allocation and periodic reviews for UG/PG projects to monitor their progress effectively. The research coordinator was asked to finalize and circulate the guidelines for UG/PG projects to all faculty members and students.

Agenda Item No.4: Establishing the Institute's research initiatives and projects effectively.

Minutes: The need to establish research initiatives within the Institute was highlighted, with a focus on interdisciplinary collaboration and addressing societal challenges through research projects. The importance of disseminating research outcomes through publications and presentations was acknowledged and potential venues for research publication were discussed.

Agenda Item No.5: Motivate faculty to register for Ph.D

Minutes: The need to have more number of Doctorates in the Institute was discussed. The potential research admission programmes in premier institutes were discussed. The committee suggested the measures to improve the quantity and quality of publications in reputed journals.

Agenda Item No.6: Any other item with the permission of the chair

Minutes: The committee has suggested motivating all the students to pursue their projects effectively and creatively as per curriculum.

**About Company and Features:**

**DrillBit SoftTech India Pvt Ltd. is established in Karnataka in the year of 2016, with an inspiration of Make in India Concept and developed by a startup company.**

DrillBit Software is a pioneer in anti-plagiarism software that checks for any duplicate or copied content in comparison to the larger data available globally. **Developed in India**, we aim to bridge the gap between research and duplication. The vital step in the prevention of plagiarism is in the identification of the replicated content majorly the uncertain ones. We at Drillbit make it easy for Colleges and Universities to overcome this situation with our user-friendly software.

**Vast Content coverage:** It covers majorly all the documents available over internet which includes....thousands of Web portals, millions of Articles, Billions of Web pages and all the other information available over internet.

**Robust technology** – Advanced technology has been used for product development which ensures the efficiency and effectiveness of the software to deliver reliable results.

**Cost Effective:** our product is cost effective compared to others and give best service in less cost

**Exclusive features of DrillBit:**

1. **Dedicated University Repository & Immediate Repository Reflection.**
2. **Image counting**
3. **Erroneous words detection (Refer to incorrect words)**
4. **Exclude only Similarity percentage**

**1. Dedicated University Repository & Immediate Repository Reflection.**

- ✓ We are providing dedicated Repository system for university to store all students reports.
- ✓ University can save all the files in the Repository system after acceptance.
- ✓ Our software will detect the duplication of the submission with immediate effect in the Repository system.

**2. Image counting and Image Extraction**

- ✓ Students can't misuse or modify the report from text to image format to avoid plagiarism.
- ✓ Our software will detect the Images and give the number of images and display the images which will help instructor/guide to identify the plagiarism

**3. Erroneous words detection (Refer to incorrect words)**

- ✓ It is quite challenging task to detect Erroneous words in the sentences, because some of the characters, symbols will be hiding and not visible for plagiarism check but those words cannot be ignored. We found solution in our software to find plagiarism for erroneous words.
- ✓ DrillBit will mark yellow color on the Erroneous words and Identify in the report.

**4. Exclude only Similarity Percentage**

- ✓ This option will exclude only similarity percentage of particular source name from the total similarity percentage generated in the report. Student/Instructor/faculty can see the source name where percentage is excluded in the report (own work of Student or Author)

**Contact Mobile: +91 9739904021, +91 9738218506,**

### Key Features & Benefits

1. Support ZIP File upload
2. Check against Researcher's older work
3. Choice of email-notifications
4. Support Multiple File Types (pdf, doc, docx, txt, html, htm, rtf, ppt)
5. View and Generate report in less than 3 steps
6. Reporting Feature Content Tracking
7. Customized Training at all Universities
8. Reporting Feature Summary Report
9. Instructor Feedback System
10. Immediate Repository Reflection
11. Direct Repository system to upload previous years papers
12. Simultaneous Access to multiple users - 24/7
13. Original source links - Match References
14. Website Integration Capability
15. Google Authenticated Login
16. Centralised Admin Panel Monitoring
17. Assignment report generation
18. periodical report generation
19. Erroneous word detection
20. Option to exclude sources
21. Option to exclude only Similarity Percentage
22. Customize the product as per University requirements
23. Image Counting in Report

### DrillBit Technical Specifications :

- 1 Coverage of large Database for plagiarism check - Internet sources, publications Student Database and University Repository.
- 2 Maximum number of characters allowed in one documents - 15 lakhs
- 3 Maximum files size is allowed 100 MB
- 4 No page limit in one documents
- 5 Multiple file supports
- 6 Unlimited user license
- 7 Minimum test time

# Highlights of DrillBit Anti-Plagiarism Software

**DrillBit SoftTech India Pvt Ltd. is established in Karnataka in the year of 2016, with an inspiration of Make in India Concept and developed by a startup company.**

DrillBit Software is a pioneer in anti-plagiarism software that checks for any duplicate or copied content in comparison to the larger data available globally. **Developed in India**, we aim to bridge the gap between research and duplication.

The vital step in the prevention of plagiarism is in the identification of the replicated content majorly the uncertain ones. We at Drillbit make it easy for Colleges and Universities to overcome this situation with our user-friendly software.

**Vast Content coverage:** It covers majorly all the documents available over internet which includes....thousands of Web portals, millions of Articles, Billions of Web pages and all the other information available over internet.

It's a customized solution developed keeping in view the academic processes in mind.

**Robust technology** – Advanced technology has been used for product development which ensures the efficiency and effectiveness of the software to deliver reliable results.

## Exclusive features of DrillBit:

1. **Effective Repository system**
2. **Image counting and Extract from Report**
3. **Erroneous words detection (Refer to incorrect words)**
4. **Exclude only Similarity percentage**
5. **Automated Grading System**

### **1. Dedicated University Repository & Immediate Repository Reflection.**

- ✓ We are providing dedicated Repository system for university to store all the students' reports.
- ✓ University can save all the files in the Repository system after acceptance.
- ✓ Our software will detect the duplication of the submission with immediate effect in the Repository system.

### **2. Image counting and extract from Report:**

- ✓ Students may convert text into Image in the report to avoid plagiarism.

*Gatya Prasad*  
4/12/2024

**PRINCIPAL**  
**STANLEY COLLEGE OF ENGINEERING AND**  
**TECHNOLOGY FOR WOMEN (AUTONOMOUS)**  
Chapel Road, Abids, Hyderabad, Telangana

- ✓ Our software will detect the Images and give the number of images and extract images in the report which will help instructor/guide to identify the plagiarism

### 3. Erroneous words detection (Refer to incorrect words)

- ✓ It is quite challenging task to detect Erroneous words in the sentences, because some of the characters, symbols will be hiding and not visible for plagiarism check but those words cannot be ignored. We found solution in our software to find plagiarism for erroneous words.
- ✓ DrillBit will mark yellow color on the Erroneous words and Identify in the report.

### 4. Exclude only Similarity Percentage

- ✓ This option will exclude only similarity percentage of particular source name from the total similarity percentage generated in the report. Student/Instructor/faculty can see the source name where percentage is excluded in the report (own work of Student or Author)\

### 5. Automated Grading system.

- ✓ Customized option to grade the student paper as per UGC guideline

## Other Common features:

### 1. Unlimited Resources

- ✓ Our software will search with billions of data available in the Internet sources, student database and University Repository.

Mainly - Articles, Journals, Thesis, publications etc

### 2. Direct Repository system:

- ✓ University can upload previous year's papers/projects/Reports into our repository system with below details.

Paper title,  
Author name,  
Year of submission

*Gatpohraiddi.*  
11/3/2024

### 3. Multiple File format Support

- ✓ Pdf, txt, doc, docx, html, dotx, odt, rtf, ppt

### 4. ZIP file Support

- ✓ Each upload can have maximum of 60 papers
- ✓ The zip file must be less than 100 MB

- ✓ Individual files must be less than 40 MB each
- ✓ Individual files must have at least 20 words of text
- ✓ Individual File types allowed: Microsoft Word, PDF, HTML, RTF, OpenOffice (ODT), plain text

**5. Similarity Match Reference**

- ✓ Data source complete files will be provided to the instructors for reference.

Instructors can view the complete files to find the plagiarism or modification In the report

**6. Exclude Source Option**

- ✓ Here when guide/instructor wishes to remove desired sources on plagiarism results, they can select sources and exclude them from the results.

**NOTE:**

- ✓ 'Exclude Source' can be used to remove specific plagiarism of a source from consideration.
- ✓ Well it is important to note that sources excluded here will only be reflected to this particular submission and not to any other assignments/submissions.
- ✓ The sources which are excluded, can be included later if necessary.

**7. Instructor Feedback**

- ✓ Instructor can give feedback on the reports after plagiarism check for students reference.

**8. Google Authentication**

- ✓ We have exclusive option to provide access from Students/Instructors gmail account.
- ✓ Students/Instructors can Login to our software by using their gmail account and gmail password, not required to have separate ID & password to login into our account.
- ✓ This will be highly secured and executed with Google authentication

**9. Integrate with University website**

- ✓ We can Integrate our software with University website
- ✓ Students/Instructors can Login to our software from university website instead of visiting our website for Login.

**10. Assignment Report Generation**

- ✓ Faculty/Instructor can download assignment reports from our software regularly.

**11. Customize the product as per University requirements.**

- ✓ We will take the feedback from university and customize the product as per their need.
