Applying to universities

After undergrad

- If you are aiming for fall semester abroad which will be right after undergrad 8th semester, then start applying to universities from 7th semester.

Educational Consultancies

- If you are willing to seek help from any of the educational consultancies make sure to give them a list of short-listed universities.

Track Applications

- Once you have applied to universities make sure to have your universities credentials to track your applications.

Follow up

- Follow up with universities to check the status of your applications.
